

Explore the top 8 benefits of moving to the cloud

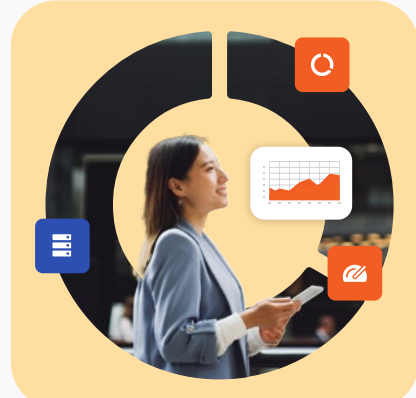

Switching to a SaaS solution is like giving your business a turbo boost towards smoother operations and significant savings, helping you stay ahead in the long run.

Here's how choosing Financials can benefit you:

OneAdvanced Platform

A robust platform delivering peace of mind through seamless integration, enhanced security, and reliable performance.

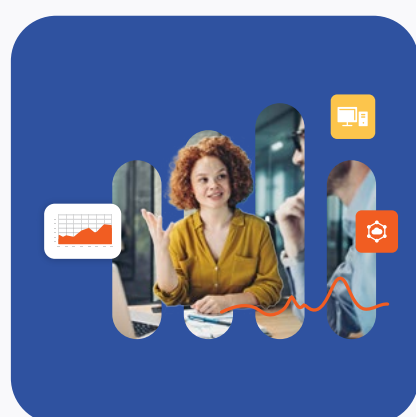

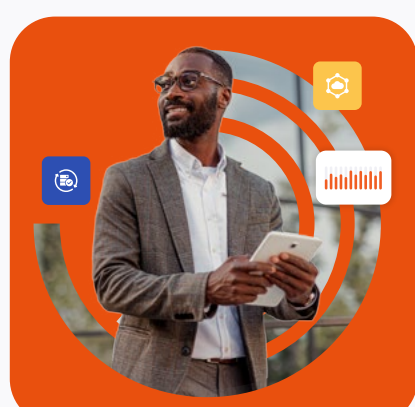

Platform services

Discover the enhanced Financials software, featuring a streamlined user interface, robust identity management, secure multi-factor authentication (MFA), and advanced analytics—all designed to provide a comprehensive and seamless experience.

Data and AI

Experience enhanced data security and superior visualisation, supported by a continuously evolving API layer. By leveraging standard integration platform services and cutting-edge AI, our solution ensures seamless access to Financials and a more intuitive user experience, keeping you ahead in technology and efficiency.

Security

OneAdvanced is dedicated to strengthening security and service layers by partnering with industry leaders like AWS and Azure. These strategic investments ensure continuous improvement in our service offerings, enhancing the overall experience for our customers.

8 benefits of moving to Financials

Lower Cost of Ownership

- **Predictable Spending:** With OneAdvanced, enjoy straightforward subscription pricing without hefty upfront costs. Speak to your account manager to uncover the cost savings your business can achieve.
- **Zero Unforeseen Expenditure:** Save on maintenance and support expenses, ensuring your budget stays on track.

Scalability

- **Flexible Growth:** Easily scale Financials as your business evolves, allowing seamless adaptation to changing needs.

Accessibility

- **Work from Anywhere:** Keep your business running smoothly from any location with OneAdvanced's cloud-based solutions.
- **Device Compatibility:** Access Financials across different devices effortlessly, ensuring continuous productivity.

Automatic Updates

- **Stay Updated with no unforeseen costs:** Financials delivers innovations through out-of-hours automated monthly updates, eliminating the need for major upgrades and keeping your system at the cutting edge.

Enhanced Collaboration

- **Easy Sharing:** Break down internal barriers by accessing and sharing data in real-time for improved teamwork and efficiency.
- **Integrated Tools:** Seamlessly connect with OneAdvanced software like [Spend Management](#) using powerful API's or our interface tools.
- **Collaborative Product Improvements:** Your insights and our expertise shape the future direction of our products.

Improved Security

- **Highest Protection:** Secure data with robust protocols and automatic backups.
- **Threat Monitoring:** Stay ahead of potential risks with continuous monitoring.
- **Cybersecurity Tools:** Benefit from enhanced defence through comprehensive risk assessments.
- **Disaster Recovery:** Ensure business continuity with reliable failover capabilities.
- **Access Management:** Streamline security with single sign-on and multi-factor authentication.

Driving Innovation

- **Stay Ahead:** Access the latest features and technologies with ease. OneAdvanced focuses on User Experience, Data Science, and Business Intelligence to boost customer efficiencies.
- **Quick Implementation:** Test and launch new ideas rapidly, supported by a future-proof product roadmap.

World-Class Support

- Our dedicated in-house OneAdvanced account managers, product developers, and customer success team ensure exceptional service and solutions for Financials.

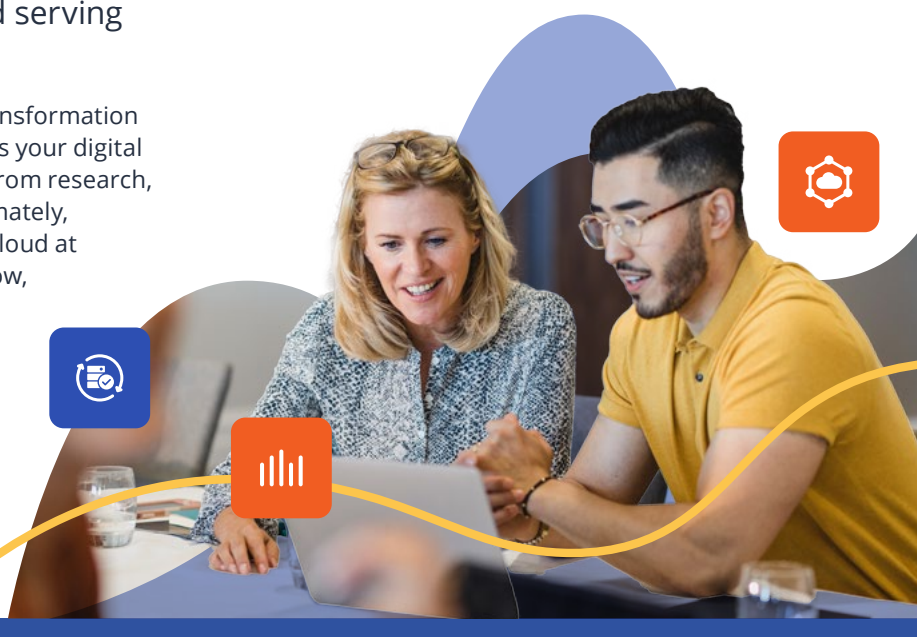

By embracing Financials with OneAdvanced, you're positioning your business for continued success, making everyday operations simpler and more efficient.

About

OneAdvanced is one of the UK's largest providers of business software and services with a £220m turnover, employing 2,000 people, and serving 20,000 customers.

We use our experience and expertise in digital transformation to help you on your journey to the cloud. We act as your digital partner, working with you every step of the way, from research, right the way through to go-live and training. Ultimately, our aim is to help organisations transition to the cloud at the right time and in the right way, so they can grow, innovate, and prosper.

Cafcass

"We enjoy working with organisations who can offer specialist knowledge and guidance. It is very empowering to have these partnerships and to be streamlining our processes so that we can operate in the most efficient way. OneAdvanced not only managed this transition of our finance system, but they continue to support us in our cloud-first strategy."

Julie Brown, Director of Resources Cafcass
