We power the world of work through our sector-focused software that effortlessly gets the job done, giving you the freedom to focus on thriving for your customers and your people.

Workplaces like yours are kept moving across Australia and New Zealand, and globally, with our suite of software solutions.

Enjoy exceptional, sector-leading solutions and data-driven insights to back up your business decisions. Our software and services put you in the driver's seat.

Our solutions can support increased efficiency, visibility & control

Did you know that:

- **9.2%** of annual turnover is lost to **poor** contract management.
- **95%** of HR Leaders admit **burnout** is sabotaging retention.

We give you the freedom to focus on thriving for your customers and your people.

Automating Time & Attendance with OneAdvanced has been transformational. We've eliminated **1,500+** paper timesheets per week, reduced payroll errors, and streamlined **40+ hours** of manual work into a centralised system. With standardised rostering and award interpretation, we've saved an average of **\$120K** annually while improving accuracy and efficiency.

Payroll Project Manager

Implementing OneAdvanced Purchasing has significantly improved our supplier relationship management. Since adopting the solution, we've seen a marked increase in engagement with our suppliers, resulting in stronger, more collaborative partnerships. The results have been clear: after just nine months, we saved over **\$90,000**, achieving a **16%** cost reduction. OneAdvanced has streamlined our procurement processes, empowering better decision-making and delivering measurable financial impact.

Lisa James

Strategic Procurement Manager

We have really valued the people involved in our business from OneAdvanced and the trust and relationships we have built. We truly believe that the support throughout the implementation and ongoing support we are still receiving to be excellent.

Serge Kolman

Procurement and Contracts Manager

We implemented OneAdvanced Purchasing University-wide in March 2019 and went from having **24%** catalogue purchasing compliance to **80%** compliance by March 2020.
